Proceeding No. 64/2021

Mrs. Aishwarya Salgaonkar,  
& Villagers of Sonarkhed,  
Assagao-Goa ..... Complainants.

V/s

The Principal Chief Engineer,  
Public Works Department,  
Altinho, Panaji-Goa ..... Respondent.

#### Inquiry Report

(20th April, 2022)

The complaint was received in this Commission on 05-02-2021, in respect of the insufficient water supply to the villagers of Assagao village.

2. On perusing the complaint, the Commission by Order dated 12-03-2021, called for the report/ reply from the Respondent.

3. The Respondent filed their reply on 19-04-2021. Thereafter, the Complainants filed their Rejoinder on 23-09-2021.

4. At the stage of hearing, Complainant No.1 was heard. Adv. Ms. Harsha Naik was heard on behalf of the Respondent.

5. The Commission has gone through the records and proceedings. The complaint was filed stating that the interrupted water supply has created great hardship and suffering to the locals of Sonarkhed in the village of Assagao.

6. The reply of the Respondent indicates that the water supplied to Siolim area is made from Assonora Water Treatment plant and water to Assagao area is supplied from reservoirs located at Dashashira, near DMC and at Ghateshwar Temple. They stated that Sonarkhed is located at high altitude and at the tail end portion of distribution system and due to rapid development, the water consumption has increased and water supply to tail end portions has been affected very badly.

7. The Respondent also stated that in order to address the above issue, Rural Water Supply Scheme has been taken up by constructing a bore-well in the area. The old bore-well had become non-functional and a new bore-well had to be taken up and the work order was issued in January, 2019. However, the work could not be started due to Covid-19 pandemic and the bore-well was commissioned in February, 2021 and now, water is supplied to the people of Sonarkhed through the bore-well and water purification plants are installed for purifying the water. The Respondent stated that the work was delayed due to genuine reasons and water was supplied to the people by water tankers till completion of the work.

8. The Respondent also stated that the department has proposed a new water reservoir at DMC College and though the work was tendered, there was no response and the work will be re-tendered after taking necessary approvals and after completing the above work, water supply to Assagao will improve.

9. The Complainants, however, filed Rejoinder admitting that new bore-well is created and the machinery has been installed in it and the PWD supplied water from the new bore-well to the villagers of Sonarkhed region. However, they stated that the water is contaminated, as per the Report, dated 25-08-2021, bearing No. EPCW/MC/11/2020-21.

10. The Commission finds that as per the copy of the Bacteriological Examination Report dated 25-08-2021, bearing No. EPCW/MC/12/2020-21 issued by the Directorate of Health Services, the sample of water analysed is found free from Coliform organisms and the water therefore can be recommended for human consumption after assessing its chemical analysis. The Analysis Report dated 25-08-2021, states that the sample of water analysed does not confirm to the limits prescribed

for drinking water and the water cannot be recommended for human consumption, as such.

11. Under Section 12(a) of The Protection of Human Rights Act, 1993, the Commission shall (a) inquire, suo-motu or on a petition presented to it by a victim or any person on his behalf [or on a direction or order of any court], into complaint of-

(i) violation of human rights or abetment thereof; or

(ii) negligence in the prevention of such violation, by a public servant.

12. In the present case, the Commission finds that the Respondent has not taken effective measures for regular supply of water for human consumption to the Sonarkhed area of Assagao village and there have been human rights violations by the Respondent.

13. Under Section 18(e) of the Protection of Human Rights Act, 1993, the Commission shall send a copy of the Inquiry Report together with its recommendations to the concerned Government or authority and they shall, within a period of one month or such further time as the Commission may allow, forward its comments on the report, including the action taken or proposed to be taken, to the Commission.

14. In view of the facts on record, the Commission recommends that the Respondent expedite the work of new water reservoir at DMC College and the work of installation of the water purifier plant, within 60 days from today and till then to supply water fit for drinking through the bore-well to which water purification plant is connected.

15. Copy of the Inquiry Report be sent to the Respondent, calling for their comments, including the action taken or proposed to be taken within a period of 60 days or on or before 20-06-2022, in terms of Section 18(e) of the Protection of Human Rights Act, 1993.

Respondent

With reference to the inquiry report compliance report is submitted as below

1. Presently Sonarkhed, in Assagao village is supplied drinking water from 150M3 GLR situated near DMC college, Assagao plateau. The main source of treated water being Assonora Water Treatment Plant.
2. Due to Exponential development in Sonarkhed the quantity of water to piped from the 150M3 GLR near DMC is insufficient. Hence to improve the supply condition to Sonarkhed. Construction of an additional 300M3 GLR is proposed at Assagao plateau and tender is invited from bidder and since there was no response. The same was retendered. The details of tender notices are as below.

- 1) Tender Notice No.PWD/WDXVII/PHE-N/ASW/F.24-E/28/2018-19 dated: -24/07/2018 No bidder
  - 2) Tender Notice No.PWD/WDXVII/PHE-N/ASW/F.24-E/43/2018-19 dated: -06/03/2019 No bidder
  - 3) Tender Notice No.PWD/WDXVII/PHE-N/ASW/F.24-E/14/2020-21 dated: -06/11/2020 No bidder
  - 4) Tender Notice No.PWD/WDXVII/PHE-N/ASW/F.24-E/01/2022-23 dated: -04/04/2022 The opening of tender is scheduled on 06/05/2022
- The copies are enclosed at exhibit 13/C to 22/C

On completion & commissioning of the said 300m3 GLR, it is expected to resolve the water shortage issue at Sonarkhed.

3. In the meanwhile a borewell was dug to supply ground water to Sonarkhed as a stop gap arrangement. The said borewell is fitted with a Nano filtration plant to treat ground water and eventually supply potable water to residents of Sonarkhed, Assagao. The test results of treated water supplied through the filter media are enclosed herewith from exhibit 4/C to 9/C for ready reference.

4. The construction of 300m3 GLR work will be completed within years after issue of work order.

In view of all above it is to further state that P.W.D. is siezed of the issue at Sonarkhed and necessary measures are undertaken to meet the minimum demand of the consumers and also to maintain the quality standards.
